CC Docket No. 02-33

May 29, 2007

Arlington Telephone Company ("Arlington") and The Blair Telephone Company ("Blair") hereby provide notice that they intend to cease offering wireline broadband Internet access service ("WBIAS") on a tariffed basis. Instead, effective June 30, 2007, Arlington and Blair plan to begin offering WBIAS on a Title II, common carriage, permissive detariffed basis pursuant to paragraph 94 of the Federal Communications Commission's Wireline Broadband Order.¹ The geographic areas affected by the change are the areas where DSL service is available in the Arlington, Nebraska, exchange of Arlington Telephone Company and the Blair, Fort Calhoun and Kennard, Nebraska, exchanges of The Blair Telephone Company.

The only customer for Arlington's and Blair's WBIAS is a nonregulated affiliate Internet Service Provider ("ISP"). The affiliate purchases WBIAS for use as a component in its broadband Internet service sold to consumers and business customers. End user service provided by the affiliate will not be affected by discontinuance of the tariffed offering by Arlington and Blair. As stated in the attached customer notice, Arlington and Blair will continue to offer WBIAS to the existing ISP customer under current rates, terms and conditions until at least the end of the customer's present service arrangement.

Effective June 30, 2007, Arlington and Blair will make WBIAS available on a permissive detariffed, common carriage basis through posting of rates, terms and conditions at www.huntelworld.com in a manner similar to that required for interstate and international interexchange services pursuant to 47 C.F.R. § 42.10. Printed copies will also be available during normal business hours at the Blair business office located at 1605 Washington Street, Blair, Nebraska 68008.
